Central Intelligence Agency Office of the Director Washington, D.C. 20505

Dear Sir:

When President Reagan spoke at the dedication of the new CIA facility on May 24, 1984, he referred to Intelligence as "the Eyes and Ears of the Free World." That statement hits right on the head what AFIO is going to portray at our Tenth Annual Convention here on 19-20 October.

AFIO was founded in 1975 to defend Intelligence from radical foes who would destroy our capabilities, and many of our members served in World War II military intelligence, OSS, and intelligence components of other federal agencies. A number of them who plan to attend our Convention have expressed a desire to visit CIA, DIA, FBI and NPIC, particularly in view of the many changes and improvements such as new buildings.

It was proposed that we endeavor to plan a chartered bus tour on 18 October 1984 to visit these facilities and receive a short briefing on an unclassified basis.

If approval for a visit can be granted, it would be appreciated if you will please advise us the name of the person with whom we should discuss further details. Our telephone number is 790-0320.

Thank you for your cooperation in this matter.

Sincerely,

Col Bruce K. Baumgardner, USAF(Ret.)

Chairman, AFIO Convention
